Summary

Highly motivated and detail-oriented Frontend Developer specializing in Angular with hands-on experience building responsive and scalable web applications using Angular, TypeScript, and REST APIs. Passionate about creating high-quality user interfaces and improving user experience. Seeking an opportunity to contribute to innovative projects and grow within a collaborative environment.

Education

B.Sc. in Information Technology

2020 - 2024

Faculty of Computers and Information(Damanhour University)

Graduation Grade: Good

Internships

Information Technology Institute (ITI)

Frontend and Cross-Platform Mobile App Development

Mar 2025 - Aug 2025

Courses

Route Academy

Full-Stack Web Development (Angular & .NET)

Sep 2025 - Present

Technology ,Science for Academy Arab The Transport Maritime

Introduction to Programming Using Java language

Aug 2022- Sep 2022

Projects

E-Commerce Angular App [Github-Repo]

Built a scalable e-commerce application using Angular with Standalone Components, lazy loading, and SSR for improved performance and SEO. Implemented authentication, cart, wishlist, and order management, with responsive UI using Tailwind CSS and enhanced UX via spinners and toast notifications.

Social Feed Web Angular App [Github-Repo]

Built a scalable social application using Angular with Standalone Components, functional routing, and lazy loading. Implemented authentication with guards, HTTP interceptors for error/loading handling, and core features like feed, profile, and notifications. Designed responsive UI with Tailwind CSS and improved UX using spinners and toast messages.

Technical Skills

- | | | | |
|--------------|----------------|----------------|--------------|
| • Javascript | • Python | • Flutter | • C++ |
| • HTML | • CSS / CSS3 | • Angular | • Typescript |
| • React.js | • Git & GitHub | • React Native | • Postman |
| • Next.js | • Tailwind CSS | • Dart | • Java |

Interpersonal Skills

- Quick learner with minimal documentation
- Problem solving
- Team Player
- Searching
- Self-motivated
- Communication

Extracurricular Activities

- **Participated in ECPC (Egyptian Collegiate Programming Contest).**
- **Contribute to online coding communities and tech discussions.**

Languages

- Arabic (Mother Tongue)
- English (B2)

Additional Information

- **Military Status:** Exempted
